Tactical Small Arms Of The 21st Century: A Complete Guide to Small Arms From Around the World

Charles Q. Cutshaw : Tactical Small Arms Of The 21st Century: A Complete Guide to Small Arms From Around the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Tactical Small Arms Of The 21st Century: A Complete Guide to Small Arms From Around the World:

0 of 0 people found the following review helpful. This is a good source for the recent manufactured "Small ArmsBy PGKWThis is a good source for the recent manufactured "Small Arms," that available within the 2-3 years. As with most books of this kind of reference material. A few years is all that is needed. To need another more currently revised issue of this type of research information.0 of 0 people found the following review helpful. Too many inaccuracies!By

Richard S. JohnsonI was looking for an update for Hogg's classic "Military Small Arms of the 20th Century", however, this book. The pictures are often poor in quality or detail. For example, the photo for the Walther PP/PPK

series is in fact a pellet gun (toy). Many details are simply wrong. The problem is if some things that I have knowledge about are wrong, how can I trust any of the other data? 0 of 0 people found the following review helpful. An ok book By Peter Michael r Buus An ok book. Tells what i need. Good pictures. Easy to read. Good explanations. New knowledge to me. I got wiser.

This expertly crafted reference meets the demands of the explosively popular tactical arms market. Charles Cutshaw, an international expert in small arms, offers enthusiasts a historical look at tactical small arms, with an introduction to models from around the world.
