The Art of Chinese Ceramics

Reader's Digest Editors : The Art of Chinese Ceramics before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Chinese Ceramics:

4 of 4 people found the following review helpful. Book for knowledgeable collectorBy Priyo SaryantoThis book has a lot of pictures of Beijing Museum collection. Pictures are nice and worth to see. It give a spectrum of Chinese Porcelain history evolution, form early years up to Ching Dynasty.Pictures have no dimension but history or back ground on particular item. It describe brief of China history in regard of ceramics or pottery or porcelain.It nice to have but readers should have another book to understand more detail about the pictures.0 of 0 people found the following review helpful. Good but for museum goersBy GaryLLI am more interested in trade ceramics, and I thought these were under represented in favor of the museum quality stuff.0 of 0 people found the following review helpful. Readers Digest Arts of ChinaBy funner thingsThere was certainly interesting information and pictures. However, I would not have bought it if I had seen in before purchase. My concerns in no way reflect negatively on the seller.
