# The BEATLES Collected

A fan's guide to six decades of Beatles memorabilia

**Pete Nash**  
with David Roberts & Brian Southall

[Mobile ebook] The Beatles Collected

## The Beatles Collected

**Pete Nash : The Beatles Collected** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles Collected:

2013 is the fiftieth anniversary of the Beatles' major arrival in America. This book is the first serious book about Beatles collectibles. Beautifully photographed and designed, it includes a range of Beatles merchandise from guitars, plastic models, clothes, wigs, bubblegum cards, and even Beatles mothballs.
