[Download pdf] The Charlton Standard Catalogue of Royal Worcester Figurines (3rd Edition)

## **The Charlton Standard Catalogue of Royal Worcester Figurines (3rd Edition)**

**John Edwards : The Charlton Standard Catalogue of Royal Worcester Figurines (3rd Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Charlton Standard Catalogue of Royal Worcester Figurines (3rd Edition):

0 of 0 people found the following review helpful. Good referenceBy Graeme GandyVery good book except images are small good information, only from 1990. List all colour varieties eg. Grandmother dress lists all 12 colours

The third edition has been completely revised with all prices updated to reflect the current market for the coming year. During 1999 and 2000 the Charlton Press published two Royal Worcester price guides, Figurines and Animals, to serve the Worcester collector, believing they represented two different collecting venues. However, two catalogues

proved unnecessary, this move simply increased the cost, inconvenienced the collector, and the solution was obvious, publish one catalogue for all Royal Worcester figures. All Royal Worcester Figures from 1900 to date, have been amalgamated into one volume. The third edition is 320 pages of Royal Worcester Figures listed in RW numerical order, the complete figurine and animal range. Also included with this revised edition are 32 pages of colour illustrations showing figures from the past 100 years. An alphabetical index is included for collector cross referencing between RW number and figurine name. New additions to an earlier series "Les Petites" coupled with four new series, "Moments," "Ladies of Literature," "Southern Belles" and "Ladies of the Isles" are all incorporated into the new listing bringing the third edition current to 2005. Naturally, all information carried in the previous catalogues has been brought forward, designer, size, colourways, dates of issue and discontinuation, varieties and pricing are all updated for the current market place, which a collector or dealer will need for 2005. With the rebirth of the famous Worcester Candle Snuffers in 2000 we have taken the liberty of adding the new Connoisseur Collection to the figurine catalogue. Over fifty snuffers issued between 2000 and 2004 are listed and priced.
