This does not qualify as a wall calendar.By hollystgIt's bound like a children's book that would prevent you from being able to get it to lay flat on a wall without breaking the glued binding. It also has nothing to hang from so you'd have to punch your own hole on each page in order to get it on the wall. The paper quality is poor and just above the quality I use for every day printing in my printer. Description of this item should be fixed to represent what it truly is (not a wall calendar) or it should be removed as an orderable item all together based on the poor quality.0 of 0 people found the following review helpful. Not what I expectedBy Iowa GalThis looked like a homemade unit. It folds open like a book instead of hanging like a typical wall calendar.0 of 0 people found the following review helpful. Awesome gift! Large date blocks for jotting down that appointment or note.By JD from MichiganAn excellent gift for someone that likes clocks! I got this for my sister and only time will tell...

Clock lovers, rejoice! This gorgeous, full-color wall calendar includes twelve mesmerizing photographs of the works of some of the finest clockmakers in the world. Accompanied by monthly grid calendars indicating U. S. national holidays. Ample space is provided each day for noting birthdays, anniversaries, and other occasions and appointments. Measures 11" x 17" when open.
