The Custom Government Model Pistol

Layne Simpson : The Custom Government Model Pistol before purchasing it in order to gage whether or not it would be worth my time, and all praised The Custom Government Model Pistol:

0 of 0 people found the following review helpful. Lots of good info, however it was for the time period ...By william gradyLots of good info, however it was for the time period written (10-15 years ago) still applicable to today's 1911's
.0 of 0 people found the following review helpful. Five StarsBy Frequent customerMuch better condition than I expected and a very fair price.0 of 0 people found the following review helpful. Five StarsBy John M. Doeexcellent

This book about one of the world's greatest firearms and the things pistolsmiths do to make it greater. The Government Model's history and workings are explored, as well as accessories, handloading--including the latest 9x23 superloads--holsters, and the whys and hows of custom alterations for the working pistol. Over 30 chapters and over 400 photographs from top pistolsmiths across the country. This is a comprehensive text from carry guns to the latest breed of high capacity guns with optical sights.
