These photos range from adorable, to spooky, to a few that are just plain ugly. If you like fashion dolls, blythes, pullips, bjd's, or just dolls in general, you should get this book.0 of 0 people found the following review helpful. The Doll Scene features hundreds of custom-created dolls by the hands of some of the best artists worldwide using mainly original Blythe, Pullip, Ball Jointed Dolls, Dal, or Monster High dolls as "raw material" to generate their lovely and stunning characters. These dolls have an oversized heads and large eyes that change colors! Changing everything from the original serialized doll - hair, makeup, reshaping faces, adding new eyelashes, eyelids and clothing - the artists featured in The Doll Scene create some truly amazing figures.
