The Freedom Outlaw's Handbook: 179 Things to Do 'Til the Revolution

Claire Wolfe : The Freedom Outlaw's Handbook: 179 Things to Do 'Til the Revolution before purchasing it in order to gage whether or not it would be worth my time, and all praised The Freedom Outlaw's Handbook: 179 Things to Do 'Til the Revolution:

1 of 1 people found the following review helpful. Good InformationBy Erik HoldennGood reading. I highly recommend this book to anyone that thinks the government is out to get them, to anyone that thinks the government is not out to get them, or any who is just curious about how either of the two aforementioned type of people think, should think, or don't think. You get to form your own opinions and they are not trying to sway you either way, just providing information from past experiences and knowledge. Learning from other people's experiences is always a good thing, even if you don't agree it opens your thoughts up to the unknown.0 of 0 people found the following review helpful. Not what I was expecting.....By Macbut still interesting. Some things suggested in this book are a bit extreme, some

are funny, some are outdated and some can be done easily. Other suggestions would require someone cutting all ties and basically becoming a homeless vagrant. Overall this book seems a bit like satire being taken a bit too serious. My overall suggestion is to purchase a Boston T. Party book. 0 of 0 people found the following review helpful. Must have
By Michael S. Berry I haven't read the book yet but based on all of Wolfe's writings I know this is a great book. I can't stop laughing about her novel Hardyville - it will actually bring tears to your eyes. I had to order several copies of this book because when I showed people the Intro they wanted this book. People are hungry for the truth and I think it will deliver. Anyway, thumbs up and stars all around.

Claire Wolfe is back and has expanded her original 101 Things to Do 'Til the Revolution to 179 thought-and-action items. Some will work for nearly everyone. Some are for those who are more radical. Some are serious. Some are fun. All of them will shore up the privacy barrier that's being eroded - if not downright blasted away - by the Patriot Act, by corporate "Little Brotherism", and by other laws and regulations. Better yet, Claire will inspire you to free your own Inner Outlaw and kick tyrant butt so you can win back freedom. The choices you make are up to you. But if you've been sitting back waiting for the water to get a little hotter before you jump out of the big government, total control vat, Claire gives you 179 tools to help you plan and work.
