The Gun Digest Book of Shotguns Assembly/Disassembly

Kevin Muramatsu : The Gun Digest Book of Shotguns Assembly/Disassembly before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Gun Digest Book of Shotguns Assembly/Disassembly:

6 of 6 people found the following review helpful. Recommend for anyone interested in shotguns By Marshall Smith Covers nearly all the designs of actions available with today's shotguns and a few antiques still in service today. I've rated it with 4 stars as I found some of the descriptions did not include all the information I felt necessary. However, with a little mechanical knowledge or gunsmithing experience the missing information could be determined. Has great information on reassembly and notes on what to look for during reassembly. 0 of 0 people found the following review helpful. If you are looking for a parts break down stay away from Gun Digest publications. By Customer I was expecting break downs of these guns, showing different parts, rather than pictures that are not clear and

show no parts that I can equate to part numbers. There is no way I can see to preview the interior of these books but I relied on the Gun Digest name as a quality publication. One star is the lowest Grade I can give. I could return but that is a hassle. 4 of 4 people found the following review helpful. He really needed this .By Thelma P.Layfield Yes, he needed this Gun Digest Book Of Shotguns Assembly/Disassembly. It is very informative and useful. The time element to look something up in this book is also very much understandable. Thanks again for a great book. Thelma

Cleaning, Repairing Maintaining Shotguns Has Never Been Easier! Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition is the indispensable guide to DIY disassembly, repair and reassembly of today's most popular shotguns. Step-by-step disassembly and reassembly instructions cover 60 models and over 250 closely-related variants. Plus, this revised and expanded edition includes the addition of newer shotguns from Akdal, Benelli, Browning, Citadel, CZ, Kel-Tec, Mossberg, Remington, Saiga, Stoeger, and Winchester. Detailed photographs and clear, simple instructions make it easy to disassemble and reassemble a wide range of modern and vintage models. Gun Digest Book of Shotguns Assembly/Disassembly 3rd Edition is your go-to source for time- and money-saving disassembly techniques for today's hottest shotguns.

About the Author Kevin Muramatsu regularly writes gunsmithing columns for Gun Digest the Magazine, is reloading editor for the Gun Digest annual book, and authored the most recent editions of Gun Digest Book of Rimfire Rifles Assembly/Disassembly and Gun Digest Book of Automatic Pistols Assembly/Disassembly.
