The Gun Digest Book of Tactical Gear

From Gun Digest Books : The Gun Digest Book of Tactical Gear before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gun Digest Book of Tactical Gear:

4 of 4 people found the following review helpful. I give it a 2 because I feel bad giving it a 1. But it deserves it. By RabbitDisorganized. Incomplete. Poorly informed. The book, frankly, is lazily researched and very outdated even with it's publishing in 2008. They don't really cover 'tactical gear' until the last 20 or so pages and spends the rest of the time giving you sloppily organized information on handguns and carbines. Most of the information is conjecture and written for someone who doesn't know any better. You could gain much better info on all topics covered simply from web crawling for a few weeks on the popular firearm sites. The sections are rarely concise and usually end in a price list of sorts of items and weapons with poor descriptions that don't give you the info you need. The fact that the optics section doesn't mention Aimpoint or that the carbine manufacturers section doesn't mention LMT, LaRue, or Bravo Company is atrocious. I give it 2 because I rather enjoyed the section of the 'history' of hard use tacti-cool knives, and because there is occasionally and interesting tidbit and I bought it for 8 bucks. I would be sorely unhappy if I had purchased

this expecting good info for \$26.0 of 0 people found the following review helpful. fantasticBy Sunil U. Thakurthis is a fantastic compilation of information on the equipment used especially for law enforcement and SWAT teams and anybody else interested.

"The Gun Digest Book of Tactical Gear" is the complete tactical gear reference, with complete listings of knives, flashlights, vests, tactical sights and optics and more, with select firearms and other weapons covered with the applicable gear. This everything guide includes: Articles from the top experts in the fieldA detailed where to find the gear guideCatalog listings of items covered
